

Hey everyone,

It is currently 2:13 am.

I had a scary dream and was very hot in bed,
^{no covers / none}

I didn't want to wake anybody so I took
my temp by putting ^{thingie} in my
ear & pushing

In one ear, I got 101.6

and in the other I got 101.3

that is why I am taking tylenol

I took 15 ml for 85 lbs and 11 year's
old

thank you.
thank you
thank you
